Usage Guidelines

Rules to maintain brand consistency and legibility across all touchpoints.

CLEAR SPACE

Always maintain a minimum clear space around the logo equal to the height of the letter "A" in the wordmark.

MINIMUM SIZE

To maintain legibility, never display the logo smaller than these minimum sizes:

Digital: 64px height

For screens and web applications

Print: 0.5 inches height

For printed materials

Do's & Don'ts

Use approved colors

Stick to the brand palette for all logo applications.

Use white on dark

Switch to the white lockup on dark or photo backgrounds.

Maintain spacing

Preserve clear space so the logo remains legible.

Icon-only for small UI

Use the mark alone when space is constrained.

Don't stretch or distort

Never warp, skew, or change the logo proportions.

Don't rotate

Keep the logo oriented as provided.

Don't use low opacity

Avoid transparency that reduces legibility.

Don't use busy backgrounds

Place the logo on clean, contrasting surfaces only.

Brand Voice

How AuraApp communicates across all channels and touchpoints.
